

2022 Summer Bridge Program

The Summer Bridge Program is a **FREE** in-person, three-week program aimed to help incoming college freshman start at a more college-ready level, both academically and socially. Students will attend a community college of their choice and receive instruction in math, reading and English. College professors teach the classes, so it will give students a feel for what a college class is like! The goal of the Summer Bridge Program is to help students feel more prepared for their first semester of college.
